15 Dual Display Arrays in Total

Ad loop: 240-second (4-min)

Total daily ad frequency: More than 1,800 10-second
Digital Ads

Digital Out-of-Home advertising is proven to be effective and is one of the fastest growing sectors of marketing today!

Movingmedia is proud to operate Peterborough's 1st Indoor Digital Signage Network.

Each of the nine facilities included in this advertising network will have "Side-by- Side" digital display units placed in high traffic areas.

In each of these units the digital screen on the right will display facility specific information that is relevant to that location, and the screen on the Left will display Movingmedia ad messaging that promotes and supports the local business community.
